Laser Engraved Stainless Steel Valve Tags

Description
Laser engraved tags allow for unique information such as non-sequential numbers or different wording on each tag at no additional charge.

Use
Durable laser engraved tags for harsh environments enable workers to identify valves associated with specific pipes.

Material
20 Gauge (Grade 304) Stainless Steel

Thickness
0.037 in (0.9398 mm)

Hole
Comes with 3/16" top hole

Color/Fills Available
Contrast Filled, Natural (No Color)
