DuraGuard® Asset Tags
Versatile and long-lasting tags that are universal in application

Seton's most popular asset tags offer a highly durable and cost-effective option for tracking a wide-array of property and equipment. Ideal for indoor and moderate outdoor environments.

DuraGuard® Asset Tags

Features
Multi-layered tags resist heat, tearing, stretching and can conform to a wide variety of surfaces. Protective topcoat guards from abrasion, solvents and other moderate caustic elements.

Application
Universal, strong adhesive adheres securely to most clean and dry surfaces such as computers, electronics, office furnishings, hand tools and more.

Materials
Metalized Polyester - 3 mil (.003")

Industries
Education, Healthcare, Business Services and IT Management.

- Clear Overlaminate
- Printed Information
- Metalized Polyester
